Total number of investments 36

The top 10 investments make up 49.9% of the fund.

How has the fund performed?

This section tells you how the fund has performed over the past 10 years. Returns are after expenses have been deducted. These expenses reduce the fund's returns.

It is important to note that this does not tell you how the fund will perform in the future. Also, your actual return will depend on your personal tax situation.

Average return

As at May 31, 2011, a person who invested \$1,000 in this fund 10 years ago now has \$1,250. This works out to an annual compound return of 2.3%.

Year-by-year returns

This chart shows how the fund has performed during the past 10 calendar years. The fund produced a negative return in 0 of the past 10 years.

How risky is it?

When you invest in a fund, the value of your investment can go down as well as up. MD Physician Services Inc. has rated this fund's risk as Low.

For a description of the specific risks of this fund, see the fund's simplified prospectus.

Are there any guarantees?

This fund is like most mutual funds and does not have any guarantees. You may not get back the amount of money you invest.

Who is this fund for?

- Investors who:
- Are looking for a fund suitable as a cash component for a portfolio.
 - Are seeking a fund that invests primarily in short-term fixed income securities with short-term durations.
 - Have an investment time horizon of over one year as a stand alone fund.

Before you invest in any fund, you should consider how it will work with your other investments and your tolerance for risk.

A word about tax

Generally, you will have to pay income tax on any money you make on a fund. How much tax you will pay depends on the tax laws where you reside, and whether or not the fund is held in a registered plan such as a Registered Retirement Savings Plan or a Tax Free Savings Account. Please keep in mind that if you hold the fund in a non-registered account, fund distributions are included in your taxable income whether they are taken as cash or re-invested.

How much does it cost?

The following tables show the fees and expenses you could pay to buy, own and sell Series A units of the fund.

1. Sales charges

There are no sales charges applicable to this fund.

2. Ongoing fund expenses:

You do not pay these expenses directly. They affect you because they reduce the return you get on your investment.

As of December 31, 2010, the fund's expenses were 0.59%. This equals \$5.90 for every \$1,000 invested.

	Annual rate (as a % of the fund's value)
Management expense ratio (MER) This is the total of the management fee and operating expenses.	0.59%
Trading expense ratio These are the fund's trading costs.	0.00%
Fund expenses	0.59%

3. Other fees

You may have to pay other fees when you sell or switch units of the fund.

Fee	What you pay
Early redemption fees/ Short-term trading fee	2% of the amount redeemed or switched within sixty (60) days from the date the units were purchased.
Transfer-out fee	\$100 plus applicable taxes

What if I change my mind?

Under securities law in some provinces and territories, you have the right to:

- withdraw from an agreement to buy mutual fund units within two business days after you receive a simplified prospectus, or
- cancel your purchase within 48 hours after you receive confirmation of the purchase.

In some provinces and territories, you also have the right to cancel a purchase, or in some jurisdictions, claim damages, if the simplified prospectus, annual information form or financial statements contain a misrepresentation. You must act within the time limit set by the securities law in your province or territory.

For more information, see the securities law of your province or territory, or ask a lawyer.
